Questions & Answers

Version: 8.0

Question: 1

Establish the Remote Desktop Connection via the menu path or enter 2. MSTSC.EXE in the command line. Use the data in the User Details table. You access a cloud-based desktop that is copied from the MDG ERP master system. The training department sends the system to the instructor who will provide you with details.
A. In the Remote Desktop Connection dialog box, in the Computer field, enter the computer name from the invitation mail you received or communicated to you during the workshop
B. In the Windows Security dialog box, enter the data provided in the User Details table.
C. Verify your user is ready to run MDG

Answer: A, B

Question: 2

Register the MDG system. Use the data in the MDG User Details table. For training purposes there is a well prepared SAP ERP System ECC 6.0 with activated SAP Master Data Governance Application Framework based on MDG 9.0.

A. Log on to the MDG system a) ZME Client 800 via SAP Logon.
B. Choose b) Start→ SAP Logon. The system ZME should be in the list of Systems
C. Mark c) Public and choose Finish.
D. In the Windows Security dialog box, enter the data provided in the User Details table
