Questions & Answers

Version: 32.0

Question: 1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.
You need to assign User2 the required roles to meet the security requirements.
Solution: From the Office 365 admin center, you assign User2 the Security Reader role. From the Exchange admin center, you assign User2 the Compliance Management role.
Does this meet the goal?

A. Yes
B. NO

Answer: A

Explanation:

User2 must be able to view reports and schedule the email delivery of security and compliance reports.

The Security Reader role can view reports.
The Compliance Management role can schedule the email delivery of security and compliance reports.
